the acclaimed historian and author of *Prague in Black and Gold* shares a dramatic account of life in Czechoslovakia's capital under Nazi occupation from 1939 to 1945. Czechoslovakia endured as a Nazi protectorate. Peter Demetz lived in Prague at that time, designated a first degree half Jew according to the Nazis' terrible categories. In Prague in Danger he joins his objective chronicle of the city under German occupation with his personal memories of that period from the bitter morning of March 15, 1939, when Hitler arrived to set his seal on the Nazi takeover of the Czechoslovak government until the liberation of Bohemia in April 1945. After long seasons of unimaginable suffering and pain, Demetz expertly interweaves a superb account of the German authorities' diplomatic, financial, and military machinations with a brilliant description of Prague's evolving resistance and underground opposition along with his private experiences. He offers the heretofore untold history of an effervescent, unstoppable Prague whose urbane heart went on beating despite the deportations, murders, cruelties, and violence. A Prague that kept its German and Czech language theaters open, its famed film studios functioning, its young people in school and at work, and its newspapers on press. This complex and surprising book is filled with rare human detail and warmth, the gripping story of a great city meeting the dual challenge of occupation and of war.

The book, *In the Shadow of Munich: British Policy Towards Czechoslovakia from the Endorsement to the Renunciation of the Munich Agreement, 1938 to 1942*, analyses the varying attitudes and gradual change of British policy towards Czechoslovakia in the period from the Munich Conference in September 1938 to August 1942, when the British government proclaimed the Munich Agreement as dead and thus having no influence whatsoever on the future territorial settlement. The key focus of this work lies in the influence of Munich upon the British political scene and upon the resulting British policy towards Czechoslovakia in the Central European context, and also in the repercussions of Munich in negotiations with the Czechoslovak exile representatives. The book is a result of many years of the author's research conducted primarily in the British and the Czech archives, as well as his reflection of numerous documentary editions, diaries, memoirs, and secondary sources. It aims to dispel frequent myths and stereotypes that have so far influenced the Czech and partly also Anglo-Saxon historiography in their interpretations of British attitudes towards Czechoslovakia immediately before and during the Second World War.
